CodeDodger TRANSMITTER CODING

DISCONTINUED

TYPICAL CodeDodger

LIMIT ADJUSTMENT

LEARN CODE BUTTON

ANTENNA

**TO ADD A NEW TRANSMITTER:**
Locate the LEARN CODE button on the garage door operator, (find the antenna wire dangling down from the motor unit, the LEARN CODE button is within about an inch of where the antenna wire disappears into the motor)

Press and release the LEARN CODE button on the motor then press the button on the transmitter 4 times slowly

---

TO REMOVE A TRANSMITTER:
Locate the LEARN CODE button on the garage door operator, (find the antenna wire dangling down from the motor unit, the LEARN CODE button is within about an inch of where the antenna wire disappears into the motor)

Press and hold the LEARN CODE button for 30 seconds to clear out all old codes.

Press and release the LEARN CODE button on the motor then press the button on the transmitter 4 times slowly
